We Are 31337!

Munich / Berlin, Germany, May 23, 2007: The young netlabel 31337records is releasing its first Various Artists compilation today featuring such great artists as 'Someone Else', 'Katz', 'Sebastian Herre', 'Mike Wall', 'Den', '0x7f', 'Sebastian Koch' and many more. The compilation is split into two parts of which the first one is more club oriented – pounding and very subtle minimal techno – while the second part is perfect chill-out material. This collection of tunes is not your average netlabel release but a promising start for a young, fresh and exciting label. 31337records was founded in early 2007 by Stefan Klaas, Sebastian Guth and Philip Steger. They used their years of experience in the club scene, both as artists and part of the crowd, and their passion for minimalistic music to create an outstanding new label in a short period of time. The result is an awesome mix of floor filling minimal techno and deep melodic tracks with a great selection of international artist. Be sure to check this one out, it is well worth your time!
