## Error EP

Today we present you his debut EP on our label. 'Error' is a very creatively assembled piece of art. Haruyuki presents his very own style of minimal for you to enjoy. Vocal cuts emerging out of freaky grooves carefully put together into a unique musical structure. Listen to these joyfully disassembled fragments of samples and enjoy being left in syntax error.

## Haruyuki Yokoyama

'Haruyuki Yokoyama (producer / Architect) from Kanagawa, Japan was originally inspired by electronic music from the mid 90's. His first musical experiences came from starting an electronic band with some talented friends, and in 1998, his solo electronic music productions began. After moving to Los Angeles in 1999, he studied Architecture, but his passion for electronic music continued. In 2003, he returned to his native homeland of Japan to live in Tokyo, where he continues to create his own take on minimal techno.'
