Back To There LP

We are happy to announce our newest album from Den, one of Japans most talented artists. He delivers you 8 wonderful tracks ranging from minimal to tech-house. Den takes you on a wild ride, a journey back to there. On the way you will be accompanied by deep sub lines, wonderful melodies, funky rolling percussions, lovely vocal cuts and interesting samples. Den was born in Tokyo and brought up in Tokyo, but he was living in several cities around the globe such as St. Pauli or London and is currently living in Berlin. He started his music career as a freelance cm/cf music creator and has released on labels like 'Multi Vitamins', 'Clever Music', 'Op.disc' and of course 31337records. Den 'the man' puts a lot of thought into his productions, so each track is perfectly arranged and never gets boring. The album has already been played in lots of clubs around the globe and always received great feedback.
