We Are 31337! Vol. 2

It all began with a Various Artists Compilation, so now 3 years later we are proud to announce our long delayed 'Various Artists – We Are 31337! Vol. 2'. A timeless collection of electronic music from all around the world, that doesn't follow any particular trend and works for every occasion. Our friends from Argentina, Japan, Switzerland, Spain, the UK and Germany provide you a tasty buffet of bouncy techhouse tracks and freshly cooked, spheric minimal techno. We serve it all.

Without doubt, all of these artists have a continued drive to provide the audience with interesting soundscapes and delicate food for your ears. Each track has its own story and since music says more than a thousand words, we let the music speak for itself and hope that you all enjoy it as much as we do. Have a good one and eat your vegetables kids!
